SHEBEAST CIC – Our Story;

She Beasts CIC was founded by Sadie Jones a female on a mission to see change, a change for females who like her have experienced trauma, the change started with her own story. As a witness of domestic abuse as a child and survivor she knows all too well the potential outcomes for those who have been victims to abuse.

Sadie found that solution for change when she decided she would not be another statistic and went on a journey using exercise, nutrition, and mindset to change her own narrative, the child carer and teenage mother who left school with no qualifications at 15 is a distant memory. Sadie is now a successful businessperson and founder as well as a Female Bodybuilder, Personal Trainer, NLP Practitioner, Coach and Timeline Therapy Practitioner.

She has 1st hand experience and wants to share this with as many females as possible to give them the opportunity to do the same and find their inner beast and their true passion.

It is a Sisterhood we are here to make a real difference, 25% of our fees and monies raised are donated to support women suffering from domestic violence and substance misuse. Our mission is to help you find your inner beast, and build confidence, whilst making a difference in the world.

As part of our fundraising please see available merchandise to purchase.....
